1. That was a VERY peaceful protest.
2. The sheep are very interested in what happened. I told everyone we were in DC, and we talked to them at hotels and rest stops until i was nearly home after a 10 hour drive. They DONT BELIEVE THE MEDIA EITHER. Tell everyone what happened. It was a great day in American history, no matter what the media says. Thank you Patriots for having my 6.

my exes father (who I'm close with) told me I made an ass out of myself via text for going to DC. I hit him with a wall of text about wtf really happened...and he apologized.

Yeah I didn't really get any hate from anyone, but the amount of misinformation that is occurring with everyone who didn't go is astounding. I had to talk to quite a few people about what really happened up there. My mom and little brother were worried to death that I might have been killed up there for fucks sake. It's not right what they are doing.

I was there as well. I was surprised by how peaceful it was honestly. Everyone had every reason to be extremely pissed off but it was good time. Even at the end there it wasn't bad at all. People think it was absolute hell on earth but it was really a couple hundred people that prematurely and stupidly went 1776 while the thousands on thousands of us were like "uhhhh all right I guess that's how today's gonna go"

Thanks for going. A few of us were standing around the office when the run on the Capital happened. I made the comment that I felt guilty that I couldn't make it. A couple of the people standing around are still clutching their pearls. Such sheep.

These same people, at the office, were claiming that the protesters were carrying guns as the crowd went into the Capital building. Did you see any guns?

None of the people there had guns shown. Some of us may have had them under our jackets as a protective measure because we had no idea what to expect or if we'd have blm and "anti"-fa on our asses but no one had anything visible.

The riot story is made of cobwebs. Put the word out, show people the videos of Patriots pulling down the vandals, the police letting people through the barricades, police waving people in and through the building. Show them the patriots standing and singing on the steps of the Capitol, and the ones minding the velvet ropes while not smashing statues.

We can make a difference here because there is so much video that will explicitly show the riot narrative is hilariously false. To the point that maybe everyone there should ask Lin Wood to file defamation lawsuits against all the ones who called the Patriots terrorists.

And don't be affraid to out the aggitators if you spot them in the many reams of footage... We know Antifa was around, they got a police escort in (Another video worth showing people). A few have already been pointed out in other posts that have been in the vicinity of, and/or engaged in Antifa/BLM protests/riots.

Keep up the jokes troll. What we realize and you likely don't is that Your freedoms will be taken from you just like ours will.

One difference between us and you is we know what the great reset is about you don't.

Other difference is most of us have god, so when it comes we won't be in dispair like you will be.

You should learn from former leftists in Venezuela, Germany, soviet stares, China, Korea, Cuba. Those who weren't killed now realize they were the useful idiots the ruling class brought down the government using, and were discarded as soon as they were no longer needed.

It's us vs elitists/globalists. Your being used
